BRAND SPRINT

MELT.

”Melting the conventions of hot sauce.”

MELT. is a craft hot sauce subscription service for gourmet enthusiasts who find store-bought hot sauce lacking. Hot sauce is actually quite complex, it’s not just about heat. There are various types of spiciness, including mild, fruity, and tangy varieties. Plus, many labels feature stylish designs that showcase the producer’s personality. This service embodies our passion for sharing the appeal of hot sauce.

CORE VALUE

Bold	Challenges the idea that hot sauce is only about extreme heat, breaking away from conventional “just spicy” hot sauces.
Playful	Embraces diversity in flavor and design, with a sense of fun and entertainment.
Artisanal	Celebrates the maker’s personality and a handcrafted feel in every bottle.
